Child, Adolescent & Adult Psychology
Clinical Psychologist, PSY 16474

A little about me.....

- I am a licensed psychologist in California. I received my doctorate in applied child development from Tufts University, in Medford, MA, in 1993. I did a year of further PhD level course work in clinical psychology in California to meet the requirements of the state for licensure.
- Children: I have degrees in child development and psychopathology, and I did a 2 year American Psychological Association approved post-doctoral fellowship in Child Clinical Psychology at the Reiss Davis Child Study Center in Los Angeles.
- Testing: I have been extensively trained in psychological, educational and forensic testing and assessment with children and adults.
- Trauma: I work with chronic and acute trauma victims, both children and adults. I am trained in EMDR (Eye Movement Desensitization & Retraining) as an adjunct to my analytic work.
- Because of my education in lifespan development and my training with adults, I work with individuals of all ages and levels of development.
- Each patient, including a child, has a right to a confidential therapeutic relationship within certain legal limits explained in the Basic Rights in Psychotherapy.
- Fee rates: My basic fee for each 50-minute session is \$150.00. Longer or shorter sessions are prorated from this fee. I have a limited number of hours set aside for working with individuals, couples, and families who cannot afford my full fee. My sliding scale ranges from \$95.00 on up. If you cannot afford my full fee and I have the time open, we can negotiate a fee that is affordable for you.
- Insurance payments: I am able to bill many insurance companies if your insurance will cover working with me. You will be responsible for paying your co-pay or your fee at each visit.
- Missed appointments: If you need to cancel our appointment, please call at least 24 hours in advance (951) 317-0243. If 3 appointments are missed or canceled in a calendar year, I reserve the right to give your time to another patient.
- If you are in crisis, you may call (951) 317-0243 and let me know and then call 911 and/or go to your nearest emergency room. I will return your call as soon as I can.

I have read and understand all of the above, and all of my questions have been answered to my satisfaction. My signature attests to this.
